

THE GUNNISON RIVER is a superb Colorado Gold Medal fishery, from the upstream boundary of the Black Canyon National Park, through the Gunnison Gorge, to its confluence with the North Fork of the Gunnison.

Gunnison River Expeditions specializes in fully-guided one- to three-day float/fishing, walk/wade and white water trips through this section of the river.

**FLY FISHING ADVENTURES
IN THE BLACK CANYON
OF THE GUNNISON**

Picture yourself...

*...surrounded by the beauty of the Gunnison River and its tributaries. The sun is up, the air is crisp, and there's a hatch like none you have ever witnessed before . . . welcome to **Gunnison River Expeditions.***

Caption here about the campsites, meals, amenities, etc....

We provide expert guidance for beginners to the very skilled to insure your angling success. Rainbows and brown trout from 16 to 20 inches are very common. These healthy, fighting fish have little pressure due to the remote canyon access.

Magnificent scenery and abundant wildlife, including big horn sheep, mule deer, river otter, peregrine falcon and eagles add to your enjoyment as you travel through this billion-year-old canyon, making this a truly unforgettable experience.

Caption here about the boats, fishing gear, etc.....

After a full day of fishing and a delicious meal that evening, camp right on shore and let the sound of the river lull you to sleep.
